CAMP KEHILLAH - SIDNEY R. BAER

the J DAY CAMPS
Discover the Spirit!

A LOOK BACK:

- Camp Baer was full of Super Campers on Wednesday for Superhero Day.
- The Sababa activities this week were Jeopardy and a scavenger hunt. While it wasn't quite Jeopardy style, we used the Kahoot website to post questions for teams to answer using their counselor's cell phone. The scavenger hunt had teams start at a different locations around camp and receive clues in a specific order. At each station, they received a piece of the puzzle to solve the mystery of the missing freeze pops.
- A fencing specialist came to camp next Wednesday and Thursday, when each group got a turn trying this special activity.

A LOOK AHEAD:

- The Wacky Wednesday next week is "When I Grow Up." We can't wait to see what everyone wants to be...maybe there are a few future camp counselors and directors?!
- The Sababa activity next week is Camp Olympics. Stations will include water games, human foosball, banner decorating, and wacky relays.
- Mad Science will be joining us on Friday before Shabbat for an awe-inspiring show.
- Even though the welcome email says bring a swimsuit, Camp Baer swims earlier than the other camps, so it's easier if your camper wears a swimsuit and brings a change of clothes. Please apply sunscreen before camp and send a bottle for us to reapply. Send your camper with a water bottle, and label all clothing and belongings.
