Volleyball/Water Volleyball

Co-ed Volleyball team rules require minimum of three (3) women on court or four (4) in pool at all times.

Weightlifting

Places will be determined by a ratio of body weight to weight lifted. The weight of the equipment will be added to the total weight lifted. The curl bar is 25 lbs, bench press bar is 45 lbs and the leg sled is 120 lbs. The leg press is a "Hammer Strength" Linear Leg Press. The lifter must break the weight and then lower it until the knees are at or below 90 degrees and then must lock the weight out at the top. The leg press does not have a pivot system, so it will move straight up and down with no shift or pivot. Weight will be added on the lower pegs first and then the top pegs if needed. The seat has two adjustments and the user can use whichever they are comfortable with. It also has a built in safety spot at the bottom of the slide to prevent people from getting stuck but will not at all limit the range of motion.
