Letter from Lynn and Ted

The Center of It All!

2022 was a year of recovery for the J. Our attendance rebounded as we were again able to gather in person and face-to-face. Members eagerly returned to focus on their fitness and wellness in our fitness centers. Adult Day at the J welcomed our participants back to campus. Our Early Childhood Centers loved seeing the smiling faces of children when the mask mandate was lifted. Our camps thrived.

This tremendous rebound resulted in strong financial results for the J. More important, this rebound helped bring us back together as a community.

The pages that follow will offer you a snapshot of life at the J in 2022 as well as the impact our programs delivered. These outstanding results affirm our position as the community's "Town Square," the place where we come together to socialize, to celebrate, and to create memories for generations to come.

We are committed to a vibrant, thriving, and broadly valued Jewish community. Innovative programming, visibility of our proud community to others, and providing connections to one another are all the foundation for the future of the J.

Our rebound was remarkable, but we know the best is yet to come! It is an exciting time for all of us and we invite you to continue the journey that positions the J as the Center of It All.
