OTHER FEES & INFORMATION

Membership Requirement

In an effort to promote community, connection, and a secure environment for children and families, participation in the J's Early Childhood Center requires membership in the broader J community. Maintaining an active family membership helps ensure that those regularly accessing the building and Early Childhood spaces are known members of the J community while also connecting families to the programs, relationships, and shared experiences that are central to life at the J.

Enrollment in the J's Early Childhood Center requires an active J Family Membership. Families enrolled in the Early Childhood Center have access to a special Early Childhood Family Membership at the discounted rate of \$160 per month for the 26/27 current school year. This membership is required but is not included in Early Childhood tuition and will be billed as a separate transaction from Early Childhood fees. No further discounts may be applied to this membership rate, with the exception of approved scholarships.

When a child graduates from the Early Childhood Center or a family withdraws from the program, the discounted Early Childhood membership will automatically convert to the standard Monthly Family Membership rate. Families who wish to cancel their membership after leaving the Early Childhood Center must notify the J Sales and Membership Team in writing.

New Enrollment Fee

Families wishing to enroll in the Early Childhood Center are required to submit a one-time, \$200 non-refundable enrollment fee. This fee confirms the family's intent to enroll, establishes the child within the center's enrollment roster as pending placement, and supports administrative onboarding and classroom preparation.

When the enrollment fee is placed, families are expected to commit to a desired start date and select their requested schedule. This information allows our team to thoughtfully plan for classroom placement and staffing.

Submission of the enrollment fee signifies a commitment to enroll but does not guarantee immediate placement. Classroom placement is based on availability, staffing, and licensing ratios.

Annual Enrollment Fee

An annual \$25 non-refundable enrollment fee is required for each currently enrolled child during the Early Childhood Center's annual re-enrollment period. This fee is not part of the initial enrollment process and is applied each year to secure a child's continued enrollment for the upcoming school year. The fee supports administrative updates and classroom materials.

Rates & Schedules

All rates are monthly. Enrollment preference is given to full-day schedules. Part-time schedules are listed for reference and may be available depending on classroom availability and at the director's discretion.

Rates are based on the number of days the Early Childhood Center is open per year. The number of days attended may vary due to child sickness or scheduled closings, including secular holidays, Jewish holidays, inclement weather, professional development closings, or any other closing. Families are required to pay their full tuition regardless of the number of days actually attended.

Billing & Payment

Families will receive a fee agreement outlining their child's schedule and monthly tuition. Tuition is based on an annualized rate and billed monthly.

All families are required to pay by ACH or an automatic charge to a credit card. (MasterCard, Visa, American Express, or Discover). Payments by credit card will occur an additional 3% charge. Tuition must remain current in order for children to continue participation in the program.

A 30-day written notice is required for withdrawal from the program.
