

Theatre Unlimited

Theatre Unlimited, founded in 1987 through the J's Life Enrichment Department, is one of St. Louis's oldest barrier-free theatre programs for adults with disabilities.

Each fall and spring, participants audition, rehearse, and perform fully staged productions in a supportive, inclusive environment. Rehearsals incorporate ensemble-building activities, chorus singing, role development, and foundational theatre skills while strengthening social, cognitive, emotional, and communication abilities.

Theatre Unlimited fosters creative expression, confidence, and meaningful connections, empowering participants to shine on stage and build lasting friendships through the transformative power of theatre.

The first 2026 show is *Madagascar Jr.*, May 6-7, 2026
